NATURETREK - NEPAL 1992

A list of the birds and mammals recorded during the Naturetrek to Mount Everest & The Gokyo Lakes (18 May to 7 June). The names and sequence of bird species follows Inskipp and Inskipp (1991), A Guide to the Birds of Nepal, 2nd edition. Against each species is indicated the area where it was recorded: E-Everest Trek or K-Kathmandu Valley (mainly Phulchowki).
